

▼ Company Information:

- Artistry Labs is a ministry-based consulting, design, and technology firm. We specialize in work for churches, ministries, and Christian organizations all over the world. We provide a fun and fast-paced environment that offers work on a wide range of projects.

▼ Job Overview

- The Design Intern role is for someone who is a quick learner with a willing "can-do" attitude, with strong communication and prioritization skills. He/She should have a strong knowledge of the design process, troubleshooting, and problem-solving. He/She should be organized and be committed to follow through with tasks in a timely manner, but ultimately should be flexible in working with a variety of team members and excels in an environment where multiple hats must be worn.

▼ Job Function

- To utilize creative skills in designing and revising websites, digital graphics, and print materials.
- To quickly familiarize yourself with brand goals and integrate style into design.
- To research and implement current trends in the web and print industry.
- To fulfill special projects as requested.

▼ Skill Requirements

- Working knowledge of Adobe Creative Suite (Photoshop, Illustrator, Indesign)
- Communication Skills (written and verbal)
- Problem-solving and troubleshooting skills
- HTML, CSS, photography, and/or video experience would be a plus.

▼ Personal Requirements

- Willingness to learn and take ownership of projects
- A passion for high-quality work
- Positive attitude towards co-workers and projects
- Passionate about what we do

▼ Hours

- Part time (20 hours per week to full time available)

▼ To Apply:

- Learn about us at www.artistrylabs.com, and apply online at careers.artistrylabs.com. Our mission should be something that you can embrace with passion.
